Bill:

Attached is a proposed guest list for the Headquarters Building expansion groundbreaking at 1100 on 24 May 1984. I request that you make any additions or deletions you consider appropriate.

I have attached a rough draft of the program. We checked with the White House regarding the protocol on "shoveling," and they have no trouble with the list proposed. We have silver shovels to present to the participants that will be engraved with the following:

Groundbreaking
for the

Central Intelligence Building Expansion
by

The President of the United States

Ronald Reagan

24 May 1984

Following the groundbreaking ceremony we propose to have a reception in the North Cafeteria for the VIP guests. STAT

After you have approved the guest list, we will mail the invitations. We have checked with the White House and they are agreeable to our mailing them before the official announcement is made.

I solicit your approval and any ideas.

WHERE IT ALL BEGAN

CENTRAL INTELLIGENCE AGENCY

CREDO

We are the Central Intelligence Agency.

We produce timely and high quality intelligence for the President and Government of the United States.

We provide objective and unbiased evaluations and are always open to new perceptions and ready to challenge conventional wisdom.

We perform special intelligence tasks at the request of the President.

We conduct our activities and ourselves according to the highest standards of integrity, morality and honor and according to the spirit and letter of the law and constitution.

We measure our success by our contribution to the protection and enhancement of American values, security and national interest.

We believe our people are the Agency's most important resource. We seek the best and work to *make them* better. We subordinate our desire for public recognition to the need for confidentiality. We strive for continuing professional improvement. We give unfailing loyalty to each other and to our common purpose.

We ^{through} seek/ our leaders to stimulate initiative, a commitment to excellence, and a propensity for action; to protect and reward Agency personnel for their special responsibilities, contributions, and sacrifices; to promote a sense of mutual trust and shared responsibility.

We get our inspiration and commitment to excellence from the inscription in our foyer: "And Ye shall know the truth and the truth shall make you free."

*"And ye shall know the truth and the
truth shall make you free"*
